**PROFILE:**

Visual artist and art educator.

**STATEMENT:**

For as long as I can remember, I have embraced the creative process. Whether I am collecting, conceptualizing, designing, or simply walking, my visualizations always seem to evolve into an artform. Over the years, I have fabricated sculpture, toys, objects and contemporary jewelry. Whatever direction I follow, craftsmanship and attention to detail is integral to my artistic process. As a teacher and often a student, my curiosity continues as materials are chosen for their aesthetic and physical capabilities. I believe that one needs to create something that pleases you and hope that others feel the same way.

**EDUCATION**

BFA Ohio State University with emphasis in drawing, painting & graphics

MFA School of the Art Institute of Chicago with emphasis in mixed media sculpture.

PMC (Metal Clay) Level 1 & 2 Certification

**PROFESSIONAL EXPERIENCE:**

Visual artist: [www.carolhammerman.com](http://www.carolhammerman.com)

Long time adjunct professor Columbia College

Past adjunct professor: The Art Institutes, Lake Forest College & Evanston Art Center

Created and co-owned 'SculpTours', a walking tour company of public sculpture In Chicago.
